Who We Are

Our Story

It all began during the July War in 2006.

Mohamad Mukhtar Beydoun and Rabi El Sheikh were employees at local banks. With the suffering all around them, the pair made the decision to take an open vacation from banking and to dedicate their time to helping displaced citizens in Beirut to secure shelter, food, medicine, clothes, and supplies to cover all their needs.

They accessed public and private schools, empty buildings and Sanayieh Park, where they sheltered those citizens and provided them with everything they needed. Day and night, Mohamed managed Sanayieh Park, and Rabi managed Shakieb Arsilan Mix Public High School in Verdun. After the war ended, they felt blessed and realized how important it had been to give back to society and to help people in need.

With sincerity, dedication, transparency, open hands and hearts full of love and generosity, they promised themselves to always dedicate part of their life to helping others as much as they could.

Finally, in June 2013, the dream came true. Mohamad Mukhtar Beydoun, Rabi El Sheikh, Hasan Hamdan and Jad Beydoun officially established an NGO known as “Banin Charity Association” with registration number "1007"; gaining the trust of many individuals, entrepreneurs and businessmen. Over time more and more people joined the NGO and its work increased in size and scale. The journey has begun and it is going on to grow through giving, helping and supporting people...

Our Goals

Since 2013, Banin Association has worked to sustainably impact the lives of many Lebanese citizens, regardless of their sectarian or political affiliation. We aim to help those in need to cope with the often harsh conditions of life in Lebanon and to respond to emerging crises.

Banin provides its services and aid to people in order to create for them a life full of pride and dignity and for the purpose of enjoying the health care required for them and achieve their goals.

Banin Association aims to provide its services and aid to people regardless of their sectarian or political affiliations so that people may obtain and enjoy their rights. The idea of racial and sect-based discrimination does not exist at Banin, and we follow a purely humanitarian path.

What We Do

Our Focus

Today, Banin Charity Association helps more than 1,400 families, and a total of approximately 7,000 citizens from different areas of Lebanon, including the North, the South, and Beqaa through our four branches in Beirut, Tyre, Tripoli, and Nabatieh. Banin Charity is a home for everyone in need. No matter what the problem is, we are here to help.

We do not discriminate against applicants on the basis of political, sectorial, or religious belonging.

Our only concern is to ignite the spirit of humanity in people, regardless of where they come from or who they are.

How do we select families?

Each family visits the nearest Banin Branch where they fill out a Help Application form. If we can help, the investigation department takes an appointment to visit the family at their residence in order to confirm the information they have given. The file is then transferred to the board committee in order to identify the type of assistance that can be offered.

This mechanism was adopted in order to make sure that every donation reaches the right destination. However, in critical cases that demand urgent assistance, a decision is made within 48 hours.

Families can benefit from eight core programs where Banin commits to a total monthly financial assistance of approximately \$100,000.

Our Focus

Banin works with a wide range of organizations and together we impact the lives of 7,000 Lebanese on a yearly basis through the following programs:

**PATIENT
SPONSORSHIP**

**FOOD
SECURITY AID**

**FINANCIAL
AID**

**ORPHAN
SPONSORSHIP**

**WE
EDUCATE**

**RESTORATION AND
REHABILITATION**

**EMPOWERMENT

877 Patients

\$1,002,054

Banin Charity Association places a great emphasis on and interest in medical services, and provides health assistance, medicine, consultations and treatments through charitable clinics.

The Association believes that the medical sector is under supported by the government and is determined to develop the medical sector in Lebanon by:

- A. Surgeries: The Association has helped to cover the costs of a large number of surgical operations, including expensive procedures in a large number of hospitals across Lebanon. These operations have included: Bone marrow transplant, kidney transplant, and chemical treatments for cancer.
- B. Laboratory tests and X-rays: The Association also covers the costs of laboratory tests and X-rays for registered patients.
- C. Medicine and treatments: The Association provides a wide range of medicines for 300 families on a monthly basis. Banin has signed contracts with over 200 doctors which contribute to paying the cost of medical consultations.

All payments to healthcare institutions, laboratories and healthcare services are paid directly to the service provides via a bank check ordered to the first beneficiary.

Food Security

Total Assistance from 2013 to Q2 2018

125 Families
\$296,194

Banin Charity Association provides a monthly food subsidy valued at more than 50\$ for each approved family.

This food assistance is provided through coupons.

The family can choose what food they need from a local Coop Supermarket that Banin has mutual agreement with, or Banin can deliver a box of food directly to the family.

Financial Aid

Total Assistance from 2013 to Q2 2018

275 Families
\$495,330

Banin Charity Association pays financial aid in the form of a monthly cash allowance to needy families depending on their situation in order to provide their daily meals or rent.

This type of aid is restricted to the poorest families that are approved after an in-depth study by Banin's investigation department that insures that the family does not have any additional source of income.

This aid is mainly given to families with handicapped members or people with severe issues. The monthly grant is on an average \$100.

Orphan Sponsorship

Total Assistance from 2013 to Q2 2018

105 Orphans
\$113,642

Banin Charity Association provides holistic support to orphaned children and their families to reduce the challenges they face.

The families receive monthly payments ranging from 40\$ to \$250 depending on the number of children, their economic situation, and their fixed monthly expenses.

Total Assistance from 2013 to Q2 2018

101 Students
\$51,272

Banin Charity Association's educational services are limited to public schools and Lebanese University. Banin also helps university students with their expenses to allow them to focus on their education.

This aid mainly helps with tuition, stationery and general expenses. Payments are paid directly to the beneficiary via Banin Bank checks to public schools and via Liban Post transaction to universities.

Restoration and Rehabilitation

Total Assistance from 2013 to Q2 2018

25 Families

\$49,556

Banin Charity Association intervenes in social cases and helps in the restoration and rehabilitation of homes that are unsuitable because of a lack of primary services and basic necessities.

This work covers extreme water leaks, buildings that are in danger of collapsing, broken windows or damaged walls, renovations of bathrooms and kitchens, replacing broken tiles, painting, and the repair of electrical wiring.

The service also includes providing goods and materials to families in need. Sanitary work is undertaken, kitchen utensils (plates, dishes, silverware, cups) and missing appliances (fridge, washer and oven) can be provided. In bedrooms, missing covers, pillows, mattresses and beds for elderly people are provided.

Empowerment Funding

Total Assistance from 2013 to Q2 2018

16 Entrepreneurs
\$31,730

The Association funds small businesses (vegetable shops, small coffee shops and fish carts) in order to enable some families to have a source of income. This project has been highly successful as it enables some families to rely on themselves in earning their living.

The families are able to work and learn about their business, and can soon sustain themselves. Micro-loans with no interest are available and are based on a payment back plan over a certain period of time.

The loans are offered on the basis of a reasonable fixed cost, a good location, and a decent feasibility study. The loans range between 1,000-3,000 USD, and the collected repayments will be re invested in similar projects for different beneficiaries.

Our Activites

Banin Charity holds several activities on a yearly basis schedule. The main purpose of such activities is to socialize with assisted families, break ice, enforce social ties, and draw a smile on children's and adults' faces.

Football Tournament:

This activity is one of the most popular in which orphans, from several NGOs, participate, play, and enjoy gathering.

Social Dinners:

Banin hosts social dinners and iftar for assisted families and orphans in collaboration with local donors and international NGOs, whereby many activities, such as magic shows, games, amusement parks, and social discussions take place in those gatherings.

Banin Holiday Truck:

The idea of drawing a smile on children's face can never be completed without pleasing them with gifts whereby they feel very special and lucky to have. This is why Banin has created "Banin Holiday Truck" which takes advantage of Christmas Adha holiday events to drive around in Lebanese cities and poor neighborhoods, playing holiday music and distributing gifts left and right to all happy children who run after the truck enjoying themselves, singing and dancing happily.

Banin Women's Club:

We, at Banin Organization, strongly believe that women play an essential role in the development of our society, so we have decided to launch "Banin Women's Club", where those women aim to pursue the goals of Banin Organization. In addition, we aim to empower women so that they may face issues like abuse and discrimination that might hinder them from having a descent life.

Volunteers:

Banin Charity Association aims to ignite the spirit of humanity by encouraging volunteers from all age groups to help in the work of the organization and assist us in everything we do.

Orphan Sponsorship

Banin Charity Association offers the opportunity to sponsor an orphan from among its families. An orphan's monthly needs are on an average \$200 per month.

Banin has broken down the orphan's monthly needs into bundles of \$20 to make it easier for the donor to sponsor a bundle (or bundles) for an orphan.

Based on the honored saying *“The Supporter of an Orphan and I are in Heaven”*; the Association encourages this step as a bridge of communication among orphans, sponsors and donors.

Sponsor Today to Return Their Smile!!

Patient Sponsorship

The Patient Sponsorship project is the first project in Lebanon that gives monthly help and care assistance to a patient in need of help.

In Lebanon the medical sector suffers from a lack of government support; Banin is making sure that needy patients can get treatment.

To encourage people to donate, the Association has created a monthly sponsorship bundle of \$20 per month.

Sponsor Today to Relief Their Pain!!

Donation Box

The Association launched the Donation Box after being inspired by the honored saying “*Al Sadaqa Repels Disasters*”.

Banin distributes the boxes to many corporations, businesses, private homes and small shops. These boxes are collected on a monthly basis by a Banin representative.

Be a “Donation Box” holder by asking us to send you one today!!

Legitimate Rights

Banin collects “Zakat” which is distributed to needy families within Islamic laws.
Banin Charity Association holds “*Certified License of Collecting Legitimate Islamic Rights - Khomos*”. The money shall be distributed in compliance of Khomos bylaws
